

Filter

A kind of closed filter equipment, mainly apply to Ink, color paste, Dyes, Coating, Paint, Electrical Material, NANO to filter. Built-in stainless steel mesh and pocket filter, the material is transported by the pump to the filter equipment, and discharge by the pump pressure. It is highly filter efficiency and well sealed. It is ideal filter equipment which is equipped on the small cart and easy to move.

Working Principle

Built-in stainless steel mesh and pocket filter, the material is transported by the pump to the filter equipment, and discharge by the pump pressure. It is highly filter efficiency and well sealed.

Specification

Configuration	Single Connection, Double Connection
Filter Area	0.3m ³ , 0.6m ³
Pressure	0.6Mpa
Viscosity of material	<13000cp

Application

A kind of closed filter equipment, mainly apply to Ink, color paste, Dyes, Coating, Paint, Electrical Material, NANO to filter.

Professional technical supports & Processing Machines

Our engineers are around 20years rich experience in this area, professional skills and stable processing. We have lathes, grinder, drilling machine, boring machine, polishing machine, milling machine...etc.

Maintenance & Services

- 1.Before order, customer can take materials to ourvlab and make test grindings, spot-testing parameters like particle size distribution, obtain reliable data for model selection;
- 2.We provide you opeatian manual by chinese or English;
- 3.We offer you Videos for equipment installation and maintenance in both English and Chinese;
- 4.With three years of spare parts inventory to ensure normal use and make you to be in trouble free;
- 5.Within 12-months warranty period, we promise to change damaged parts free of charge by air or by sea;
- 6.After delivery, our professional engineer will offer on-site guidance debugging free of charge, according to different characteristic of materials, to set up the operational parameters of the mill and ensure optimal grinding quality & equipment running status;
- 7.After the warranty period, we provide maintenance and maintenance service, only charge the cost;
- 8.Meanwhile, our skillful grinding experts can offer you free professional technical consulting and service.
